# Fit to Drive

3<sup>rd</sup> International Traffic Expert Congress  
in Prague from June 19<sup>th</sup> – 20<sup>th</sup> 2008

# Registration

Reality and Vision –  
Common Problems, European Solutions

A European Challenge

## Purpose

As the third in a series of similar events, *Fit to Drive* will take place from June 19th – 20th, 2008 in Prague. One of the objectives of *Fit to Drive* is to contribute towards halving road traffic fatalities within the EU to 25,000 by 2010, according to the goal of the Conference of Traffic Ministers in May 2004, Dublin and as specified in the Road Safety Charter.

The *Fit to Drive* congress creates a forum for discussing the development of individual fitness to drive requirements in which the best possible support for individual mobility must be in harmony with the safety demands of society. The cooperation of international organisations should serve to develop a European approach to meeting these needs.

Cooperation partner:

Organisers:

## Venue

Dorint Hotel  
Don Giovanni  
Prague

Vinohradská 157a  
CZ-13020 Praha 3
