Tallinn from June 4th - 5th 2009

Welcome

Recommendations

Ernst Kriegeskorte

Medico-Psychological Institute / TÜV Nord AG

Email: ekriegeskorte@tuev-nord.de

- Recommendations from the former Congresses:
 - Establishment of an „Expert Working Group on Behavioral Problems „
 - Establishment of an European central registry for criminal and serious traffic offenders across the entire EU.
 - The EU, national governments, and research centers are asked to implement more research projects on the issue of problematic conduct among drivers.
 - Driver Education.
 - Creation of reliable data.
 - Application of Transfer Effects.

- **Recommendations** from the 4th Congress
„Fit to Drive“ in Tallin (2009):

- Young Drivers.
- Quality Management.
- Education.
- Aptitude Testing
- Rehabilitation

Summary

- 1. Linking of assessment, rehabilitation- and traffic-influencing measures with technical systems.**
- 2. Psychological possibilities for lowering young drivers' risk of accident.**
- 3. Continued further development and evaluation of assessment and rehabilitation programs.**
